

First Announcement

10th Asian Regional Conference of IAEG

Main Theme

GEOHAZARDS AND ENGINEERING GEOLOGY

September 26-27, 2015, Kyoto Japan

Introduction

Asian Regional Symposium of Engineering Geology started from Tokyo in 1997.

Memorable 10th Asian Regional Symposium (Conference) will be held in Kyoto, Japan on 26th-27th September, 2015.

The IAEG Japan National Group hosts this conference, providing academic researchers, engineering geologists in the community of engineering geology with opportunities to present and share the state of the art views in this field.

Recently, we have many disasters such as landslides, debris flows, earthquakes and tsunamis, volcanic eruptions in all over Asia. We believe that the practice and education of engineering geology will contribute to the mitigation of natural disasters. We selected the theme of this conference " Geo-hazard and Engineering Geology "

Four topics are designed to cover the main aspects of engineering geology and environment.

Welcome to Kyoto in 2015!

Topics

1. Landslides
 - Land slides, Debris flows, and Rock mass collapse
 - Risk reduction of geohazards
2. Neotectonics and Geohazards
 - Active fault, Earthquake, Tsunami, Volcanic hazards
 - Tsunami hazard
3. Engineering Geology in Construction and Maintenance
 - Foundation, Underground geology, Groundwater
4. New Technology
 - New technology and equipment for Engineering Geology

History of Asian Regional Symposium

1st	1997	Japan	Tokyo
2nd	1999	Malaysia	Kuala Lumpur
3rd	2001	Indonesia	Yogyakarta
4th	2003	Hong Kong	Hong Kong
5th	2005	Nepal	Katmandu
6th	2007	Korea	Seoul
7th	2009	China	Chengdu
8th	2011	India	Bangalore
9th	2013	China	Beijing
10th	2015	Japan	Kyoto

Call for Papers

The abstract/full paper templates and instructions can be downloaded from the conference website. The abstracts should be within 300 words.

Click the link on Conference Web Site to submit abstract described according to guideline.

The conference proceedings will be published.

The poster exhibition will be arranged as well.

Exhibitions

Exhibitions for enterprises, new technology are welcome. The organizing Committee will provide help for promotion.

Important Dates

Call for abstract :September 1, 2014

Abstract due: Oct. 31, 2014

Acceptance of abstract: Nov. 30, 2014

Full paper due:Feb. 15, 2015

Early birds registration due: Feb. 28, 2015

Organizing Committee

● Chair: Masahiro Chigira

Co-Chairs: Yasunori Ootsuka

Members: Hideo Kiya, Yasuhiko Wakizaka, Toshitaka Kamai, Hisatoshi Ito, Isao Shiozaki, Hiroshi Hara, Tsutomu Takahashi, Kazushi Sato; Naoko Kitada

Secretary General: Takao Chaishi

Secretaries: Daisuke Yamada

Venue

Kyoto University, Uji city

Organization

Sponsored by
International Association for Engineering Geology and the Environment (IAEG)

Organized by
IAEG Japan National Group

Supported by
Japan Society of Engineering Geology (JSEG)
Japan Landslide Society (Under negotiation)
Kyoto University (Under negotiation)

Japan Society of Engineering Geology (JSEG)

JSEG was established in 1958.

President: Shuichi Hasegawa

Vice-president: Yasunori Ootsuka, Hideo Kiya

Executive member: Hisatoshi Ito, Takehiro Oota, Masanori Ootani, Tateo Okumura, Masahiko Osada, Toshitaka Kamai, Hidetoshi Kon, Isao Shiozaki, Koji Shimizu, Tomoyuki Takami, Takao Chaishi, Hitoshi Tsukamoto, Tomochika Tokunaga, Hiroshi Hara, Seisuke Miyazaki, Sakae Mukoyama, Syunji Yokoyama

Registration Fees

Participant	Early bird	Standard
Delegate	35000 JPY	40000 JPY
IAEG member	30000	35000
Student	20000	20000
Accompany	20000	20000

The registration fee includes conference materials (not available to accompanying persons), Banquet, lunches, coffee break, and attending all technical sessions.

Important

- (1) Preparing of documents for Visa is not covered by the conference registration fee. Please visit the conference website for details.
- (2) Field trip fee is not covered by the conference registration fee.

Accommodation

There are number of hotels to suit all tastes and budgets within Kyoto City. Please visit the conference website for details.

The accommodation is not covered by the conference registration fee.

Post Conference Tours

Post conference tour will start on 27th afternoon, September 2015
Deep landslides in Kii Peninsula south of Kyoto.
Traditional view in Kyoto
Detail tour plan will be informed on website.
