publishing

- ✓ ICE Publishing's first open access journal.
- ✓ Article Publication Charge is £1000 (discounts are available)
- ✓ Access: All articles are free to read online
- ✓ No length limit
- ✓ Rapid four-week online only publication
- ✓ Authors retain copyright
- ✓ Blind peer review process
- ✓ Interdisciplinary research and emerging topics welcomed and encouraged

Geotechnical Research covers the full scope of geotechnics and its related disciplines including:

- Soil, rock and fluid mechanics
- Geoenvironmental engineering
- Geothermal engineering
- Geotechnical design and construction issues
- Analytical and numerical methods
- Physical modelling
- Micromechanics
- Transportation geotechnics
- Engineering geology
- Environmental geotechnology
- Geochemistry
- Geohydrology
- Water management
